

Prevention Starts with YOU!

"Understanding Addiction and the Pain Pill/Heroin Connection"

FREE PARENT/GUARDIAN PRESENTATION

No matter how old your children are, they could be at risk of becoming addicted to prescription pills and heroin.

THURSDAY, JANUARY 18, 2018

6 p.m. @ Central Cambria High School Auditorium

(Drinks and light snack provided)

**Know the Facts.
Understand the Risks.
Prevent first Use.**

Join other parents and understand the risk of opioid use and how to openly talk with your child. What you don't know could place your child at increased risk of experimenting and becoming addicted—today, tomorrow or in the future.

 **verdose Lifeline, Inc.**

ODL developed The Opioid Public Health Crisis and The Brain and the Disease of Addiction workshops to provide parents, educators and other community members with an in-depth understanding of the opioid crisis we are facing and new insight into how the disease of addiction develops. The adult workshops compliment the This is (Not) About Drugs youth prevention program which has been presented throughout the Cambria-Somerset region. The Learning Lamp is a licensed provider of the Opioid Public Health Crisis, The Brain and the Disease of Addiction and This is (Not) about Drugs programs. Visit thelearninglamp.org for more information.

Because no child starts with heroin, it's important to have a conversation about drugs and alcohol sooner rather than later. Power of Parents® can help. To lead off the presentation, every parent will receive a handbook and tips to guide them in establishing and expressing clear expectations about substance use to their children.

POWER OF PARENTS
