### Employee Communication – 6/3/2020

“A plan to reopen Pennsylvania’s schools was announced today. Schools in the region served by The Learning Lamp may resume in-person classes and activities beginning July 1. Schools will reopen with health and safety plans in place. While we don’t yet know what this means for our staff that typically works in extended school year programs, we will reach out as soon as we do. We will follow up with schools over the next few days.

As you know, the counties we serve will move to green on Friday. Some of our child care programs have reopened with reduced staff and smaller numbers of children attending. As the summer progresses, we are hopeful that things will continue to move in a positive direction for us all.

Thank you for your patience. Reach out if we can help you and enjoy the sunshine!”
