COVID-19 Vaccination Update – 2/3/2021

The Learning Lamp and Ignite Education Solutions is committed to keeping staff safe during the pandemic. To assist, we have contacted the local hospital and three pharmacies to request vaccinations for our staff. Unfortunately, vaccinations are in short supply and all people in Phase 1A have not been vaccinated yet. Most of our staff will be eligible under Phase 1B. We are working on this issue and will offer vaccines to employees who choose to get them as soon as we are able.

If you responded to our COVID-19 Vaccination Survey that you are interested in getting the vaccine through The Learning Lamp and Ignite Education Solutions, you are on our list and will be counted in the number of vaccines we are requesting. If you want a vaccine and have not responded to the survey, please complete it. We will do our very best to make it available to you.

As always, please feel free to reach out to your supervisor or Human Resources with any questions you may have and monitor your e-mail account and text messages carefully for future information.

We appreciate everyone's understanding and cooperation in what remains a very fluid process. We will do our best to keep you informed. Thank you for your patience and continued hard work!
