

January 5, 2022

Since the beginning of the COVID-19 pandemic in March 2020, The Learning Lamp and Ignite Education Solutions have followed the guidance from the PA Department of Health and the Centers for Disease Control (CDC). Over the past week, there have been many modifications to CDC guidance regarding COVID-19. As with previous updates, we are expected to follow these new guidelines, so The Learning Lamp and Ignite Education Solutions have updated policies accordingly.

Updates to the COVID-19 Policies are highlighted throughout the [COVID-19 Policy Handbook](#) and include:

1. Vaccinated Employee Definition
2. Positive Test Quarantine Timeline
3. Early Learning employees (child care staff, before and after school staff and/or preschool staff) must provide a written and signed doctor's note or negative test after their quarantine or exhibiting symptoms in order to return to work.
4. Guidelines for Employees who DO and DO NOT need to quarantine after exposure
5. Household Contact for Unvaccinated Individuals
6. Returning to Work
7. International Travel
8. Flow Chart

If you are currently on quarantine, please be patient as we revisit cases and calculate new return to work daMasking and social distancing remain required at all Learning Lamp and Ignite Education Solutions locations.

Vaccinations are available at Windber Medical Center every Wednesday with quick, easy access to 1st, 2nd and/or booster shots.

Please understand this is a very fluid situation and will likely change more in the future. We appreciate your patience as we work through these changes together. Thank you for your continued hard work!
