## Silly Science JANUARY 2

Bring colors to life as we perform experiments on ice, make bouncing bubbles, and learn about air pressure and density using an egg and a glass jar.

## Globetrotters JANUARY 16

We'll travel around the world as we construct the Eiffel tower out of straws, learn to speak Spanish, and pack our imaginary suitcases!

## Astronaut Adventures JANUARY 19

Blast into outer space as we mix up some moon sand, explore the phases of the moon, and conduct experiments to see what objects make the best moon craters.
