**Arctic Expedition**
**January 15**
Explore the frozen tundra as we learn the Inuit language, construct a 3D cotton ball igloo, design snow boots, and craft a polar bear that glows!

**Icy Escapades**
**February 19**
It’s all about winter fun as we learn to skate indoors, craft snowy friends, conduct ice melting experiments, and paint watercolor icicles.

**Astronaut Adventures**
**March 28**
Blast into outer space as we mix up some moon sand, explore the phases of the moon, and conduct experiments to see what objects make the best moon craters.

**Globetrotters**
**March 29**
We’ll travel around the world as we construct the Eiffel tower out of straws, learn to speak Spanish, and pack our imaginary suitcases!

**Silly Science**
**April 1**
Bring colors to life as we perform experiments on ice, make bouncing bubbles, and learn about air pressure and density using an egg and a glass jar.

**Spring Spectacular**
**April 2**
Spring has sprung! We’ll conduct rain cloud experiments using shaving cream, perform a rain dance, craft colorful flowers, and make birds and nests.

**Zoo Day**
**May 24**
Let’s visit the zoo! We’ll learn about animals as we craft elephants and giraffes from paper products, make hippo puppets, and test our brains with monkey math!
